DETAILED ACTION

1. This Office Action is responsive to applicant's amendment filed 12 November 2003. Applicant's amendment of 12 November 2003 canceled claims 1-26 and 28-125 and added new claims 126-186. Currently, claims 126-186 are pending.

Election/Restrictions

2. Newly submitted claims 126-186 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The original claimed invention was for a method, data processing system, and software for use in processing management information to include specific method claims that described the type of management information for managing a customer relationship, a program management office, and a scalable process, as classified in class 705, subclass 7. The current invention relates to a system, method, and a data storage device for supporting collaborative activity with detailed information on the system features, as classified in class 709, subclass 204.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 126-186 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

3. The amendment filed on 12 November 2003 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP

Art Unit: 3623

§ 821.03). The remaining claims are not readable on the elected invention because they are independent or distinct from the invention originally presented.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
